

Minutes from Recreation Committee-Parkfairfax-11 September **2018**

Present were members Meg Dressel and Nick Soto

At 7:00 pm the meeting was called to order.

Meeting Discussion Topics

- **Fitness Room**
 - Recommendations for upgrades to the fitness room have been put together and should be included in the next board packet.
- **Pools**
 - It was noted that the information in the pool sign-in sheets may be skewed because of the tendency of some of the lifeguards to sign people in for them. In October the committee will discuss possible recommendations for the next pool season.
- **Other**
 - A resident came before the committee and requested a dog gym be installed in one of the laundry rooms. She stated that sometimes her dog eats paper, and that based on what she has seen on Cesar Milan's television show, that her dog may benefit from a dog-sized treadmill. It was then agreed by all parties present that this would be a rather unique amenity that Parkfairfax could offer, that no other community currently has.
- **Committee Chair Elections**
 - Meghan Dressel was elected chair of the Recreation Committee, with Nick Soto serving as Board Liaison.

Meeting adjourned at 7:45 pm
