UPDATED COMMUNITY WIDE FALL TURF TREATMENT

Beginning Tuesday, September the 4th and continuing through Friday, September the 7th, (weather permitting), Community Landscaping will perform our second bi-annual turf treatments in various locations. Please note that we will be using only a granular product in this round. The product is Growmark FS 30-0-8 which is a slow release fertilizer which will help in promoting new growth in conjunction with the annual turf core aeration and over seeding to be done at a later date. SDS sheets can be found on our website, under the landscaping tab.

Below is a list of areas that have been identified to be treated within this time frame.

Ward 1: Buildings 501-550, Valley, Gunston, Martha Custis, Lyons, Greenway and Holmes, both fronts and rears
Buildings 602-608, Valley, both fronts and rears
Buildings 401-405, Martha Custis, both fronts and rears
