Hi Susan,

Thanks for your email. Yes, I can be at the meeting on 10/16. Our team needs to meet every Saturday between now and—depending on what local tournament we get placed into—either November 2nd (the earliest) or November 16th (the latest). Whatever can be done for this team during that time frame would be much appreciated.

Thanks,
Brad

Scott - Could we put this on the agenda for the next meeting?

If so - Brad would you be able to come to our meeting on Weds Oct 16 to present this at 7pm?

Susan

I'm afraid my repeat request will be met with another silent veto, but I'll try again anyway. The First Lego League team from Charles Barrett Elementary School—the school designed to serve children living in Parkfairfax—is looking to meet this Saturday from 12-2. Would it be possible for special arrangements to be made for our team to make use of the party room?

Thanks,
Brad (owner of 3105 Valley Drive)

Subject: Elementary school team meetings this Saturday

All:

I'm the coach of a FIRST Lego League team at Charles Barrett Elementary School, and I was wondering whether our team would be able to make use of the party room, without charge, this Saturday the 5th from 11:30 - 2:30. The team

consists of 10 Barrett students and four adult mentors. Please let me know what, if any, special arrangements can be made for our team.

I appreciate your consideration and your quick response, given the short notice.

Regards,
Brad Tobin (owner of 3105 Valley Drive)
