**Subject:** Re: Advance Campaigning

You pose a question that I don't recall being raised since I've been on the Board. You are correct that "campaigning may begin after" February 27th. The rules also require the solicitation and collection of petition signatures from owners prior to February 27th, which inherently requires some kind of expression of interest in running to some set of owners in some manner.

We can look into the question more fully and the Board can discuss this at our meeting next week.

Hi,

I am seeking clarification. I thought the Pkfx Election Rules 2021 stated: "Campaigning may begin after 27 Feb 2021."

**QUESTION:** 1) is it ok if a nominee has already posted his/her intentions for an at large vacancy on a facebook page that the Pkfx community can see? 2) Is there any remedy here? 3) If so, what? 4) If not, why? 5) What is your reference?

Regards,

Hector Mares
