Gentlemen,

This morning, I worked with Alonzo and a member of the staff to create a pickleball court on the Valley Drive tennis court.

Alonzo and I agree that the taped lines may not last in bad weather or if players step on the lines too aggressively.

Thus, Alonzo suggested we have an-house staff paint the lines in. I'd like to put that request before the Board, unless that's something Mark can simply authorize.

Alonzo has pictures of the new lines we've taped on the court, if requested.

Thanks,

Paul

Paul Friedman
Recreation Committee Chair
