**Subject:** Fwd: Re: Motion for Discussion - December meeting

Greetings,

Although I am not totally wed to the exact language, this is the motion to be included as a Discussion Item at the next Board meeting.

**In order to protect the Association regarding matters with legal or financial implications to the Association and as standard operating procedure, Staff may not meet with nor provide Association records or internal information to individual Board members unless specifically directed by the Board of Directors as a whole or the President of the Board between meetings.**

Claire
