

The following contractors have satisfactorily completed work for the Association in the past. This listing is provided to aid homeowners in locating contractors who are capable of completing the brick wall infills and repairs associated with the removal of through-the-wall air conditioning units and for the installation of snow guards (snow birds) on the roofline over wall-mounted central air conditioner/heat pump units.

The homeowner is privately contracting with the listed service providers. The contracting homeowner is responsible for complying with all Association Covenant's procedures and for having approved applications in-hand before work begins. The homeowner is independently responsible for ensuring full compliance with any required City of Alexandria Code Enforcement requirements.
