Residents' Craft Group Community Room Request

A group of Parkfairfax crafters is interested in meeting together on a regular basis to teach each other new skills and build community. Therefore, on behalf of those interested, I would like to request use of the Community Room once a month for two hours as an avenue for newcomers and residents of all ages to feel more connected.

We are seeking board approval to waive the rental fee for our monthly two-hour gatherings. Our group is in the process of finalizing details, and we plan to work with the Parkfairfax Office to determine a day and time when the room is available.

Thank you,
Andrea Drone
