## **Natural Gas Contract**

Parkfairfax currently holds a contract with NRG for natural gas credits. The current contract was for 18 months and priced at \$4.057/MMbtu. The current contract expires May 31, 2026.

**Unfortunately, the rates for these credits change daily, so the General Manager will present the rates as of May 20, 2026, at the Board Meeting.**

When the NRG contact reached out on May 4, 2026, the rates that day were:

\$4.402/ MMbtu – 12 months

\$4.477/ MMbtu – 24 months

\$4.526/ MMbtu – 36 months

The Board will need to vote on the length of the next contract they want to sign.

**MMbtu:** 1 Million British Thermal Units – A thermal unit of measurement for Natural Gas.
